PROFESSIONAL SUMMARY

Data Analyst with expertise in enterprise analytics, SQL/PL-SQL, and business intelligence tools. Proven track record in process optimization using Celonis, Power BI, and SAP ERP. Strong foundation in full-stack development with Java, Python, and web technologies. Passionate about leveraging data-driven insights to solve complex business problems and drive operational efficiency.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, SQL, PL/SQL, JavaScript, HTML/CSS

Data Analytics & BI: Celonis (Process Mining), Microsoft Power BI, SAP ERP, Winshuttle

Databases: Oracle, MySQL, PostgreSQL, database optimization and query tuning

Tools & Technologies: Git, UNIX/Linux, ServiceNow, ITIL Framework

Web Development: Full-stack development, REST APIs, responsive web design

Core Competencies: Data Analysis, Process Mining, ETL, Business Intelligence, Problem Solving

PROFESSIONAL EXPERIENCE

Data Analyst

December 2024 – Present

Cognizant Technology Solutions, Kolkata, India

- Perform end-to-end data analysis using Celonis process mining platform to identify process inefficiencies and optimization opportunities for enterprise clients, resulting in measurable performance improvements
- Design and develop interactive Power BI dashboards and reports to visualize KPIs and business metrics, enabling data-driven decision making for stakeholders across multiple business units
- Collaborate with cross-functional teams to extract, transform, and analyze data from SAP ERP systems using SQL and Winshuttle, ensuring data accuracy and integrity for critical business processes
- Automate data workflows and reporting processes, reducing manual effort by 30% and improving report delivery time

Junior System Engineer

August 2024 – November 2024

Cognizant Technology Solutions, Kolkata, India

- Managed IT service operations using ServiceNow platform following ITIL best practices for incident, problem, and change management, maintaining 98% SLA compliance
- Developed and optimized SQL and PL/SQL scripts for database operations, improving query performance by 25%
- Provided technical support and troubleshooting for enterprise applications in UNIX/Linux environments

Analyst Trainee (Internship)

June 2024 – August 2024

Cognizant Technology Solutions, Bengaluru, India

- Completed comprehensive training program covering SQL, PL/SQL, UNIX, ITIL framework, and ServiceNow platform
- Successfully delivered capstone project demonstrating proficiency in database management and IT service operations

ACADEMIC PROJECTS

Full-Stack Web Application — Java, JavaScript, React, HTML/CSS, MySQL

- Developed end-to-end web application with responsive frontend and RESTful backend API

Dynamic Web Application — Java, JSP, Servlets, HTML/CSS, Oracle, JDBC

- OTT management system using Java and Oracle. For dynamic content, used JSP pages and Servlets.

EDUCATION

Bachelor of Computer Applications (BCA)

August 2022 – July 2025

Techno Main Salt Lake, Kolkata, India

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Web Development, Software Engineering
